

Older people and the climate

Reykjavík, September 27th – 28th, 2023

Greta's oldies, Sweden

Erik Elvers, erik.elvers@gmail.com

Older people and the climate

Greta's oldies - who we are:

Started 2019

10 – 15 groups, in total about 1000 participants

Older people and the climate

Older people and the climate

Goal:

Strengthen the opinion for action against climate change

Emphasize what we can do as individuals - no one can do everything but all of us can do something

What we do:

Public meetings every Friday at noon

Study circle

Older people and the climate

What we have done:

Discussions with the political parties (on the local level) before the elections 2022

Demonstration outside the Swedish Parliament Building

Lobbying with WWF, Greenpeace, The Swedish Society for Nature Protection, Senior Citizens societies

Talked with the local food stores about ecological and near by-produced goods, recycling, selling close to best before date goods to reduced prices

Older people and the climate

What we have achieved

Response from the local political parties and the food stores

Increasing number of participants in our weekly meetings
